Share Powerful Content With Your Prospects and Clients by Being Listed as a Co-Author on a Current Thought Leader's Book or Sponsoring a Public Domain or Phrase Book.

Be Listed as the Co-Author

If there's a book that a thought leader in your organization or group wrote that would be perfect for you to share with your prospects and customers, you can do so with you as the co-author. A very easy and powerful way to show expertise in an area.

Your name is added as a co-author on the cover.

Your photo and bio is added on the back cover.

You can write a letter that's printed inside the book.
